CMD, WAPCOS & NPCC

## MESSAGE FROM Chairman & Managing Director

Dear Readers,

Wishing everyone a Happy New Year 2025 filled with joy and opportunities!

As we step into 2025 with renewed energy and commitment, I am delighted to share the January edition of e-Sanchar, NPCC's monthly newsletter. This edition highlights the remarkable strides NPCC is making across diverse projects, from bolstering healthcare infrastructure in Srinagar and Uttar Pradesh to addressing urban drainage challenges in West Bengal and advancing agricultural research facilities in Assam.

Each project we undertake stands as a testament to NPCC's unwavering dedication to quality, innovation, and sustainability. The newly constructed Bone and Joint Hospital in Srinagar, a landmark project funded by the World Bank, exemplifies our commitment to building world-class infrastructure while adhering to green building standards. Similarly, our efforts in Uttar Pradesh under the Emergency COVID Response Package reflect our agility in addressing urgent national priorities.

These accomplishments would not have been possible without the relentless efforts and dedication of our team. I extend my heartfelt gratitude to all employees whose hard work continues to uphold NPCC's legacy of excellence.

As we move forward, let us continue to work with the same spirit, embracing innovation and sustainability to build a better future for India. I wish you all a productive and successful year ahead.

Warm regards

**R.K. Agrawal**  
Chairman & Managing Director  
National Projects Construction Corporation Limited

## THE MONTH AT A GLANCE:

### Visit of Chief Minister of Jammu and Kashmir Mr. Omar Abdulla to the Newly Constructed Orthopedic Hospital at the Bone and Joint Hospital in Srinagar, Kashmir

On December 25, 2024, the Chief Minister of Jammu and Kashmir Mr. Omar Abdulla along with the Minister for Health and Medical Education Miss. Sakeena Itoo paid a surprise visit to the newly constructed orthopedic hospital at the Bone and Joint Hospital in Srinagar, Kashmir, the world bank funded project under JTFRP, as part of an initiative to enhance medical facilities in the region.

The newly established hospital boasts a capacity of 160 beds, three fully equipped operation theatres, and a six-bedded ICU, designed to cater to a wide range of orthopedic conditions. Notably, the building adheres to the Indian Green Building Council (IGBC) green building standards, incorporating energy-efficient technologies aimed at minimizing its environmental impact. NPCC is proud to execute the construction of Bone and Joint Hospital in Srinagar, Kashmir
