CMD, WAPCOS & NPCC

MESSAGE FROM Chairman & Managing Director

Dear Readers,

It is with great pride and a deep sense of commitment that I present this edition of e-Sanchar, highlighting NPCC's relentless pursuit of excellence in infrastructure development and nation-building. As we continue to execute projects that shape India's future, our focus remains steadfast on innovation, quality, and sustainability.

In recent months, we have made remarkable strides in various sectors. Our contribution to education through the development of Kendriya Vidyalayas in Jammu & Kashmir and Punjab reflects our dedication to fostering world-class learning environments. Similarly, the completion of the Software Technology Parks of India building in Patna underscores our role in strengthening the country's digital and technological infrastructure.

Beyond education and technology, NPCC is proud to be a part of India's growing sports infrastructure. The successful completion of the blue hockey turf at SAI Bangalore under the Khelo India initiative is a testament to our commitment to nurturing sporting excellence and providing state-of-the-art facilities for our athletes.

These achievements are not just milestones but stepping stones toward a brighter and stronger India. Every project we undertake is a reflection of our core values—integrity, innovation, and impact. As we continue to expand our footprint across the country, I extend my heartfelt gratitude to our employees for their hard work, our clients for their trust, and our stakeholders for their unwavering support.

Together, we will continue to build a resilient, self-reliant, and progressive India.

R.K. Agrawal
Chairman & Managing Director
National Projects Construction Corporation Limited
