MESSAGE FROM Chairman & Managing Director

Dear Readers,

I am proud to share this month's newsletter, reflecting NPCC's ongoing commitment to infrastructure excellence and inclusive national development.

We are proud to be executing the construction and development of Kendriya Vidyalaya at Washim, Maharashtra, as part of a broader initiative entrusted by the Kendriya Vidyalaya Sangathan. This project includes academic blocks, residential quarters, sports facilities, and civic infrastructure—enhancing educational access and quality.

At the Birbal Sahni Institute of Palaeosciences (BSIP), Lucknow, a new research facility is under development, blending Indo-Saracenic architectural elements with a design inspired by the Glossopteris leaf, symbolizing India's leadership in fossil research. The structure spans over 14,600 sq. m. and will house advanced laboratories to support scientific discovery.

In the healthcare domain, NPCC is leading the construction of a 160-bedded orthopedic unit at the Bone & Joint Hospital, Barzullah, Srinagar. Developed under the World Bank-financed Jhelum and Tawi Flood Disaster Recovery Project, it includes modular operation theatres, ICU wards, and advanced biomedical systems—ensuring resilient, high-quality care in the region.

On April 29, we marked the inauguration of the boys' hostel at Bal Vidya Mandir, Imphal, Manipur by Hon'ble MP Shri Maharaj Leishemba Sanajaoba. The hostel will serve over 3,000 tribal and economically disadvantaged students, promoting holistic education rooted in regional culture and Indian values.

Furthering our footprint in the North East, NPCC signed a MoU with the Department of Fisheries, Tripura, for the construction of a Fisheries Awareness cum Training Centre at Fatikroy, Unakoti. This facility will support sustainable aquaculture and livelihood enhancement.

Additionally, we formalized a partnership with the Central Council for Research in Yoga and Naturopathy (CCRYN) to construct two Central Research Institutes of Yoga & Naturopathy with 100-bedded hospitals at Raipur (Chhattisgarh) and Jatni (Odisha), advancing India's traditional wellness systems. These projects reflect our unwavering commitment to building resilient, inclusive infrastructure across sectors and regions. I thank our teams and stakeholders for their continued dedication.

Warm regards,

R.K. Agrawal

Chairman & Managing Director
WAPCOS & NPCC

PROJECT UPDATE:

Construction & Development of Kendriya Vidyalaya at Washim, Maharashtra

The Kendriya Vidyalaya Sangathan has entrusted NPCC the works of Construction & Development of Kendriya Vidyalaya Schools at various locations across the Nation including KVS at Washim, Maharashtra.

Salient Features:
